## **XD-Series NXDN Digital Callbox**

Carmel, Indiana, Ritron, Inc. announced 2Q availability of its new, compact, dual-mode, XD-Series digital capable callbox. The callbox allows customers to conveniently position wireless communication right where it's needed – eliminating costly trenching and construction associated with wired solutions. The callbox has an internal antenna, is weather-proof and can operate stand-alone on D-cell batteries, eliminating the need for all wired connections, simplifying installation and increasing communication capability. A built-in relay is used for access-control applications i.e. gates, doors or for activating an emergency strobe light. The callbox is available in Hi-Viz Green or Diminishing Black color.

Designed and Made In The USA.

**About Ritron Inc.** - Founded in 1977, Ritron, Inc., is a privately held U.S. company specializing in the design and manufacture of RF wireless voice and data communication products. It offers wireless solutions for commercial, industrial, military, OEM and integrator markets.
